Abadin given CABA leadership award

Ramón Abadin, founding partner of the Abadin Cook law firm, has been awarded the Cuban American Bar Association's "Passing on the Leadership" mentoring award, given annually to the CABA member who has demonstrated excellent leadership qualities and served as a mentor to peers in the legal community. "Mentoring is a key component of our development as lawyers," said Abadin. "I have had, and still have, many mentors who have given generously of their time to help me in my journey as a lawyer. Without the help and assistance of my mentors, I would not be in the position I am today."
